

## Specialist

**Chaucer is one of the UK's most experienced and leading providers of specialist vehicle insurance.**

We have the expertise to offer standard or bespoke products for all kinds of vehicles including classic, kit, American, custom cars, and motorhomes.

Our involvement in specialist vehicle underwriting stretches back for more than 30 years. We understand policyholders and our dedicated team uses that knowledge to support you with competitively priced policies tailored to the individual needs of your clients.

All our specialist vehicle products are backed by expert underwriting and the policy wording is custom designed to suit the unusual, sometimes unique, characteristics of the vehicles being covered.

Our products offer flexible competitive rates and allow for full cycle EDI with all major software houses. They are focused on experienced drivers and can include agreed values and discounts for limited mileage and car club membership.

### Key features

- Standard 15% commission
- Easy to use method of grouping non ABI coded vehicles
- Backed by expert underwriting and claims handling
- Policy wording is custom designed for specialist vehicles
- Agreed value policies available on request
- Limited mileage discounts
- Club member discount
- Self build / modified discount
- Special rates for low foreign use exposure on motorhomes
- Point of sale documentation
- Statement-of-fact available where call recording is in place
- Tailored motorhome cover

### Chaucer innovations

**Chaucer delivered an industry first with the launch of the first classic car product to have full cycle EDI capability on all major software houses.**

We extended our innovative approach with the release of our class leading 'combined' product on full cycle EDI; another industry first. This enables instant online quotations for motorhomes, American cars, and kit cars.
